

8<sup>TH</sup>

EUROPEAN  
PUBLIC  
HEALTH  
CONFERENCE

# MILANO 2015

14 - 17 OCTOBER 2015

PUBLIC HEALTH IN EUROPE

FROM GLOBAL TO LOCAL

PRINCIPLES, METHODS AND PRACTICES

## MILAN: HOST CITY OF EXPO 2015

The 8th European Public Health Conference will be held in the new MiCo - Milano Congressi – a modern and large conference centre with all facilities under one roof. Milan is one of the most accessible and welcoming cities in Europe with three international airports and over 350 hotels. Milan is renowned for its fashion and design as well as for culture, cuisine and sports.

## PURPOSE OF THE CONFERENCE

The 8th EPH Conference intends to play a crucial role in calling upon European governments to place a higher priority on responding to the global threats to the health of citizens and to invest in developing local actions to effectively overcome these threats.

The EPH Conference coincides with the Milan International EXPO 2015 which offers a great opportunity for delegates to visit this important exhibition. The theme of EXPO 2015 *Feeding the planet, energy for life* is closely related to public health.

## LOCAL ORGANISING COMMITTEE

**CHAIR OF THE CONFERENCE:** Carlo Signorelli  
**CHAIR OF THE INTERNATIONAL SCIENTIFIC COMMITTEE:** Walter Ricciardi

## INTERNATIONAL SCIENTIFIC COMMITTEE
