This time, the World Congress on Public Health (WCPH) is organized by the World Federation of Public Health Associations (WFPHA) together with the European Public Health Association (EUPHA) and the Italian Society of Hygiene, Preventive Medicine and Public Health (SItI). The Congress serves as an international forum for the exchange of knowledge and experiences on key public health issues.

In Rome 2020, we are expecting to attract over than 4,000 delegates!

The theme of the Congress, Public Health for the Future of Humanity: Analysis, Advocacy, and Action, reflects our firm commitment that we, in the global public health community, have an obligation to respond to these new circumstances. We must make visible the threats to health. We must challenge and hold to account those with the power to make a difference. And we must act, making real our commitment to health in all policies.

We aim to encourage your active participation in the WCPH 2020 programme!

**PLENARY THEMES**

- What happened to the Enlightenment?
- Leading the way to a healthier world
- The Earth: a strategy for survival
- Moving out of the silos
- Making a difference
- The information revolution
- Revolutionizing the public health workforce as agents of change
- High quality health systems to ensure health and well-being

**CONTINUING MEDICAL EDUCATION (CME)**

An application will be made to the UEMS EACCME® for CME accreditation of this event. The UEMS has mutual recognition agreements with the American Medical Association (AMA) and with the Royal College of Physicians and Surgeons of Canada.
